**The Heart of a Warrior Allies Advance** is a weekend away with God designed to take a man further up and further in to the Kingdom Life.

During the weekend you are invited to explore the masculine journey and the glory of your life: how you uniquely bear God's image and the redemptive friendships available when a man meets allies, brothers fighting beside him for freedom.

**The greatest thing a man can do is live free ... be wholehearted, both on his home front and the with the many relationships around him.**
