Goshen, VA

**Registration:**

As women, we long to experience the reality that we are seen, known, and extravagantly loved. At **The Deepening Weekend**, you are invited to explore with us some of how we were made to live and flourish in the Kingdom of God, what comes against that intended flourishing, and the offer of healing, integration, and restoration!

**During the weekend, you'll have opportunities to explore more of your story and the incredible journey of your heart** - in both time alone with God and in community with other women. You'll also have opportunities to enjoy adventure and play through free time activities including hiking, zip-lining, self-defense, and a ropes course; or to rest and soak in the beauty of mountains from the porch rocking chair.

**We hope to see you there!**
